4th International Conference on Data Analytics and Knowledge Discovery
International Conference on Data Analytics and Knowledge Discovery
International Conference on Data Analytics and Knowledge Discovery

4th International Conference on Data Analytics and Knowledge Discovery
Thursday, October 14th, 2021 - 5 p.m.

The conference will focus on the latest research and applications in the field of data analytics and knowledge discovery. It will provide a platform for researchers and practitioners to share their work and discuss the challenges and opportunities in this rapidly evolving field.

The conference will feature a variety of activities, including keynote presentations, technical sessions, and workshops. It will also provide an opportunity for researchers and practitioners to network and collaborate on future research.

The conference will be held in a virtual format, allowing participants from around the world to attend. It will be a valuable opportunity for researchers and practitioners to stay up-to-date on the latest research and applications in the field of data analytics and knowledge discovery.
